SUMMARY

A highly motivated and detail-oriented developer with hands-on experience in web development and a solid foundation in programming languages like Java, HTML, CSS, and JavaScript. Proficient in database management and basic algorithms, with a passion for creating user-focused solutions and showcasing adaptability and a drive for continuous learning.

SKILLS

Technical Skills: Java, MS Office Suite (Word, Excel, PowerPoint, Outlook).

Web Technologies: Html, CSS, JavaScript

Database: SQL

Soft Skills: Communication, Self-learning, Adaptability, Self-Motivated

WORK EXPERIENCE

Teach Nook
Data Science

Dec 2023 – Feb 2024
Intern

As a Data Science Intern, worked on the "Superstore Data Analysis Management" project using Java. The project involved data extraction, cleaning, analysis, visualization, and reporting to derive meaningful insights from complex sales data. Gained hands-on experience in working with real-world datasets, implementing data processing pipelines, and building interactive reports using Java-based tools.

PROJECTS

Metal detection system using Arduino:

B. Tech

This project implements a metal detection system using an Arduino microcontroller and a Java-based interface. The system generates an alternating magnetic field using an inductive sensor. When metal interacts with this field, it alters the sensor readings, which are transmitted to Java via serial communication. Java then processes, analyzes, and visualizes the detected metal signals.

Super Store Data Analysis Management:

Intern

The Superstore Data Analysis Management project focuses on analyzing sales, customer behavior, and product performance using Java-based data processing and visualization techniques. The project extracts data from large datasets, cleans and processes the information, performs statistical analysis, and visualizes insights to help businesses optimize sales strategies and inventory management.

EDUCATION

Parul University, Vadodara, Gujarat- B. Tech, Computer Science & Eng - CGPA: 6.68

2020 - 2024

Sri Gayatri Junior College, Hyderabad - Intermediate, Mathematics – 78.4%

2018 – 2020

New Little Flower E/M High School, Chityal - Secondary School Certificate, Mathematics - CGPA: 8.3

2017 -2018

CERTIFICATIONS

1.Successfully completed an internship at Teach Nook, actively working on the 'Super Store Data Analysis management project, gaining hands-on experience in data analysis and database management. [CERTIFICATE](#)
